SCENARIO 1 CONTRA

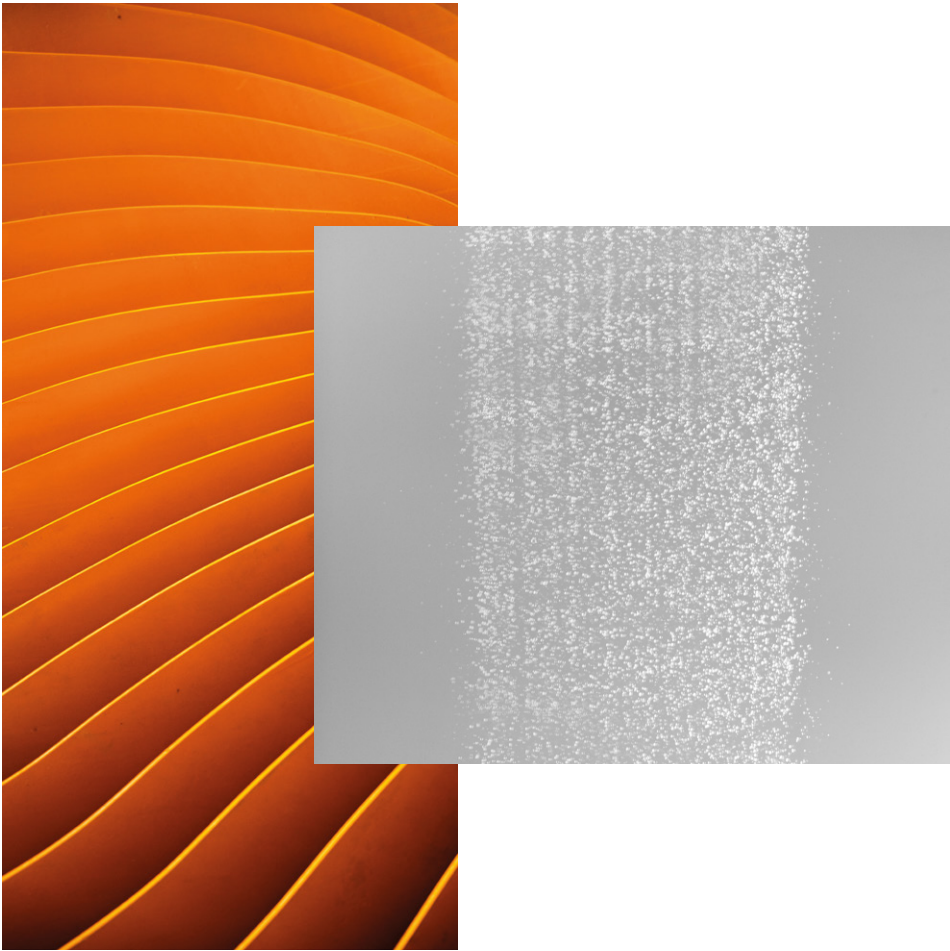

DUSK RAIN

Provides an enveloping and relaxing experience under a stream of warm rainfall. Users feel the sensation of warm water falling evenly over them, creating a comfortable and relaxing atmosphere. This scenario is designed to gradually prepare the body for temperature changes, inducing a sense of well-being and contributing to muscle relaxation. The combination of hot water and light provides

a pleasant energizing sensation, preparing users for the next phase of the Contrast Shower.

SCENARIO 2 CONTRA

NIGHT MIST

Cold nebulisers within a SPA enhances the thermal experience, providing various benefits for skin, circulation, and mental state. This element refreshes the skin, particularly valued after hot treatments, and stimulates blood circulation, improving tissue oxygenation and aiding muscle recovery. Mint aromatherapy enhances the experience, offering

a fresher sensation. The blend of cold mist and mint aroma creates a revitalizing, multisensory environment, enhancing overall wellbeing and leaving guests feeling rejuvenated and invigorated.
