SCENARIO 2 PLUVIA

DRIZZLING

The Drizzling scenario is designed to create an atmosphere of pleasant natural drizzling . In this scenario, multiple water effects are activated simultaneously, simulating the falling of tiny refreshing water droplets. This effect aims to provide a sensory experience reminiscent of a pleasant rainy day, contributing to the relaxation and well-being of guests.

PROGRAM

ENERGY

The energy program features dynamism of jets, designed to awaken and energize the individual. This program, aimed at providing a boost of vitality, stands out for the alternation of contrasting temperatures, creating variations of warmth and cold that tone not only the muscles but also the skin. Ideal as a morning wake-up or as a final after a day in the SPA, the "Energy" program aims to reactivate the brain and stimulate the senses.

Dynamic and tribal sounds, merge into a sensory rain dance, offering a stimulating and engaging auditory experience. Citrus aromas, such as lemon and oranges, add a fresh and lively touch, intensifying the sensation of energy and vitality.
