SCENARIO 1 POLARIS

NIGHT RAIN

For those seeking a more vigorous impact and a more intense thermal experience, the cold shower provides a cold jet with a thermal shock effect, stimulating the skin and providing an immediate sensation of freshness. The white light, reminiscent of ice, creates a stimulating and refreshing visual atmosphere. This synergy of multisensory elements aims to offer a complete and engaging experience in the context of the Cold Shower.

SCENARIO 2 POLARIS

NIGHT MIST

Cold nebulisers within a SPA enhances the thermal experience, providing various benefits for skin, circulation, and mental state. This element refreshes the skin, particularly valued after hot treatments, and stimulates blood circulation, improving tissue oxygenation and aiding muscle recovery. Mint aromatherapy enhances the experience, offering

a fresher sensation. The blend of cold mist and mint aroma creates a revitalizing, multisensory environment, enhancing overall wellbeing and leaving guests feeling rejuvenated and invigorated.
