

VITALIS 8

Description	Technical info N.16 Wall mounted built-in round side jets 85mm with integrated led RGBW. Wall recess depth: 55/68 mm Water Supply: 1/2" inch Operating pressure: 1,5-5 bar / 3 bar	Control unit Electrical supply: 230 V Power supply: 100 W Water supply: 3/4" inch male Dimension: 525 x 500 x 149,5 mm Pre-wired control panel with stainless steel support to be installed in technical compartment. User interface with display for setting parameters. N.2 Manual thermostatic to manage temperature and 12V power supply.																															
Functions	Programs Activation: 1 push button keyboard in super mirror stainless steel. Dimesion keyboard: 120 x 90 x 3 mm Functions: 1 Program: P-PATH Yin yang program																																
Jets	Atomized x8  	Nebulized x8

PROGRAM

YING YANG

The Ying yang program is carefully designed to create a dynamic journey within the SPA that exploits the alternation of hot and cold jets with specific objectives aimed at physical well-being and immune system reinforcement.

This sequence of different temperatures stimulates the circulatory system through the principle of vasoconstriction and vasodilation.

The combined effect of heat and cold contributes to improving blood circulation and can aid in enhancing

microcirculation, bringing nutrients and oxygen to tissues.

The dynamic experience can help release tension and promote a state of calm and well-being.
